#### Section 4 – First Aid Measures

After Inhalation:	Remove subject to fresh air. Administer oxygen if difficulty with breathing. Consult a physician.	
After Ingestion:	Immediately seek medical attention. Do not induce vomiting without medical advice. If conscious, drink plenty of water.	
After Skin Contact:	Instantly wash skin with plenty of soap and water for at least 15 minutes. Wash clothing before reuse. Seek medical attention if symptoms persist.	
After Eye Contact:	Rinse opened eye with plenty of running water for at least 15 minutes, lifting upper and lower eyelids occasionally. Consult physician.	
Section 5 – Fire Fighting Measures		

#### Section 5 - Fire Fighting meas

Extinguishing Media:	Carbon dioxide ( $CO_2$ ), extinguishing powder, water fog, alcohol-resistant foam.
Special Fire Fighting Procedures:	As in any fire, wear full protective gear and NIOSH-approved self- contained breathing apparatus with full face-piece operated in the pressure demand or other positive pressure mode.
Unusual Fire and Explosion Hazards	No unusual fire or explosion hazards. Material can splatter above 212°F (100°C).

#### Section 6 – Accidental Release Measures

Person-related Safety Precautions:	Avoid causing dust. Avoid eye and skin contact.
Environmental precautions:	Prevent material from reaching sewage and drainage systems or bodies of water.
